PETITION

TO THE HOUSE OF COMMONS IN PARLIAMENT ASSEMBLED

We, the undersigned residents of Canada, draw the attention of the House to the following:

THAT Canadians deserve freedom of choice in health care products;

THAT herbs, dietary supplements, and other traditional natural health products should be properly classified as food, and not arbitrarily restricted as drugs;

THAT the weight of modern scientific evidence confirms the mitigation and prevention of many diseases and disorders through the judicious use of natural health products;

THEREFORE, your petitioners call upon Parliament to provide Canadians with greater access to natural health products and restore freedom of choice in personal health care by enacting Bill C-420, An act to amend the Food and Drugs Act.
